Subject Index

A

ABC systems. See Activity-based cost (ABC) systems

Accuracy, of management accounting and control systems (MACS), 342–343

Activity-based cost (ABC) systems, 172–193

Activity-based pricing, 226

Act step, of plan-do-check-act cycle, 8–9

Actual capacity-related costs, 135–138

Administered transfer prices, 482, 485 Advantage, of strategy, 23–24, 27

Airlines, managing productivity in, 490

American Customer Satisfaction Index (ACSI), 236

Applied indirect costs, 129

Appraisal costs, 269

Appropriations, 431

Assets, assigning and valuing, 486–487 Asset turnover, 488

Authoritative budgeting, 357–358

Avoidable cost, 77–78

Balanced Scorecard (BSC), 7

Behavioral considerations in budgeting, 398 with management accounting and control systems (MACS), 343–344

Behavioral issues, in budgeting, 357–360

Benchmarking, 275–280 company example, 279 cooperative, 278 database, 278 development of long-term commitment to project stage, 277–278 functional (process), 278 group, 278–279 identification of benchmarking partners stage, 277 indirect/third-party, 278 information gathering and sharing methods stage, 278–279 internal study and preliminary competitive analysis stage, 276 product, 278 stages of, 276 taking action to meet or exceed benchmark stage, 279–280 unilateral (covert), 278

Benchmarking (performance) gap, 279

Breakeven point, 71

Break-even sales, 68, 69

Breakeven time (BET), 316–319

BSC (Balanced Scorecard). See Balanced Scorecard (BSC)

Budgeting process

Bundle approach, 433

C

California, state budget of, 393–394, 435–436

Capacity cost rate, 172–173 in service companies, 188 updating time-driven, 184–187 Capacity-related costs, 66 planned vs. actual, 134–135 reconciling actual and applied, 135–138 Capacity-related resources, 125
Capacity resources, budgeting and, 406–408
Capital spending plan, 399, 400, 405–406
Cash bonus plans, 366–367
Cash flow statement, 409–413
Cash inflows, 409, 411–412
Cash outflows, 41, 409
CDs (compact discs), 258–259
Cellular manufacturing (group technology), 259
Certified supplier, 269
Check step (of plan-do-change-act cycle), 8
Chief executive officers (CEOs), cheating by, 347
Chromium, 328
Compact discs (CDs), 258–259
Compensation, incentive. See Reward and incentive programs
Compact customer solutions, 30
Concorde fallacy, 75
Concorde effect, 75
Complete customer solutions, 30
Cost centers, 470–471, 473
Cost-based transfer prices, 482, 483–485
Cost drivers, 64
Cost driver level, 136
Cost driver rate, 129
Cost drivers, 64
conversion costs, 141
Controllability principle, 474–475
Cost analysis, 309–312
Cost flows in manufacturing organizations, 123–124
in retail organizations, 124
in service organizations, 124–125
Cost information budgeting and, 63–64
performance evaluations and, 64
pricing decisions and, 63
