Note: terms listed in **bold** appear in the glossary.

abandonment decisions 220–1, 223–4

**absorption**
ABC compared with traditional approach 94
range of methods for 96
traditional approach 74, 75, 78–81, 85

**absorption costing** 105–26
arguments in favour 119
and environmental resources 121
in financial accounting 117–19
importance of understanding difference from marginal costing 116
in the NHS 121
over- and under-absorbed fixed overheads 110–13
accountant’s view 208, 210–12, 229

**accounting** 4
integrated system 150
predictive ability of accounting techniques 255
accounting department 320
accounting equation 135–9

**accounting rate of return** 269–71, 282
accounting standards 117–19

**accrual** 466
accrued liabilities 464

**activity** 33–4
level and total cost 208–12
materials handling and control 57
normal level 113, 118, 119
types of 86–7

**activity-based costing (ABC)** 34, 46, 72, 73, 85–94, 96–7, 493
benefits claimed for 94–6
book production 141–2
compared with traditional approach 94–6
process costs, standard costs and 197–8
product costs 93
reasons for development of 86
role of the management accountant 88
stages in process 85–6

**activity-based management (ABM)** 493–6
activity-based resource planning (ABRP) 97

**adaptive performance management** 361
administration costs 152
administration expense budget 318, 333

**advanced manufacturing technologies (AMTs)** 301–2
adverse variance 354–5, 375, 383–4, 387
after-sales service 495
Airtours 477
Albright, T. 428–9

**allocation** 243
ABC 85, 86, 92–3, 94
comparison of ABC and traditional approach 94
traditional approach 74–5, 79–81, 94
allotments 339
ambulance trust 428
annual budgets 362–3
Anthony, R. 396

**apportionment** 72, 73, 74, 75, 79–81
indirect costs to cost centres 74–6
process costing 185, 186, 189, 190–1
service department costs over production cost centres 76–8
appraisal costs 496–7
arbitrary allocation process 195

**assets** 4
current 462, 462–4, 466, 466–8
valuation 441
attention, directing 14–15, 16, 397
automated guided vehicles (AGVs) 302
automated storage and retrieval systems (ASRS) 302
average annual profit 270
average cost 61–3
average inventory 471

**avoidable costs** 413

**backflush accounting** 475
Baker, M. 304
balance sheet 329
budgeted 318, 335

**Balanced Scorecard** 421–4, 487
benefits of 428–9
vs tableau de bord 429
banks 428–9, 453, 477
ABC 96–7, 495–6
borrowing from 464–5
Barnstaple allotments 339
Barrett, R. 340
barter 500
basic standard 373
batch-related activities 86
BDO Stoy Hayward 492
Bebbington, J. 121
behaviour
aspects of budgeting 351–4
aspects of performance evaluation 413–14
benchmarking 46, 418–19, 424
benefits in kind 63
best outcome 247–9
Beyond Budgeting Round Table (BBRT) 349, 361
Birmingham Post 66
blanket overhead cost rates 84
blood products 198
board of directors 11, 12
bonus schemes 63, 452
book production 141–2
bookkeeping rules 149
Border Electric/Mechanical 147
bottom-up budget process 321–2
Bourguignon, A. 429
break-even analysis 213–19
limitations 219
using 216–19
break-even chart 211, 212, 214–15
break-even point 212, 213–14
beyond 217–18
Brierley, J.A. 142
British Coal 336
British Electricity Trading and Transmission Arrangements (BETTA) 237
British Sugar 181
Broadbent, J. 304–5
Brounen, D. 281
Brown, M. 470
Bruggeman, W. 489
budget committee 319–20, 322–4
budget manual 319, 321
budget slack 353–4
budget system 316
purpose and nature of 316–19
budgetary planning and control 317
budgeted balance sheet 318, 335
budgeted cash flow statement 318, 334, 335
budgeted fixed overhead cost rate 107
budgeted profit and loss account 318, 334, 335
budgets and budgeting 314–68
administration of budgetary process 319–24
behavioural aspects of budgeting 351–4
benefits of budgeting 324–7
budget preparation process 340
control through budgeting 325–6, 349–68, 488
development of a budget 327–36
flexible budgets and variance analysis 354–6, 390–5
frequency of budgeting 340
improving the budgeting process 362
individual budgets 329–33
job satisfaction and 363
master budget 318, 321, 333–5
methods of budgeting 356–61
perceived purpose of budgets 353
questioning the need for budgets 361
reasons for budgeting 362
sequence of the budgetary process 320–4
shorter budget periods 336–40
standard costs and control 397
structure and relationships of budgets 317–18
support for traditional budgets 362–3
Buena Mano Crafts 246
buffer stocks 471, 472, 497
Bunzl 443
Burns, J. 24, 496
business plans 475–6
business process re-engineering 498–9
business strategic planning 7–8, 9
business strategy see strategy
by-products 184, 192, 194–5
Byers, S.S. 229
Cao, Q. 477–8
capital allowances 296–7
capital budgeting 289–311
AMTs 301–2
capital rationing 276–7, 291–5
cash flows for discounting calculations 295–9
cost control of investment projects 300–1
topline resource planning 301–2, 304
PFI in the NHS 304–5
separate owner and manager 304
capital expenditure (capital investment) 8
decisions 19–20, 48–9
capital investment appraisal 263–88
accounting rate of return 269–71, 282
AMT projects 302
assumptions 265–6
capital project planning and decisions 265–7
e-business 500–1
capital investment appraisal (continued)
IRR 277–80, 281, 282, 293, 303
methods used in practice 280–1
NPV method 271–7, 280, 281–2, 293, 294–5
payback method 267–9, 281
project selection 267
tables of discount factors 272–3, 287–8

capital rationing 276–7, 291–5
decisions under 292
sensitivity to changes in discount rate 294–5
types of 291–2
carmakers 64
cartels 245
cash 156, 464
working capital cycle 467
cash budgets 469, 476
quarterly budgets 338–40
cash flows 273
budgeted cash flow statement 318, 334, 335
certainty of 265–6
for discounting calculations 295–9
e-business 499–500
patterns assumed by NPV calculation 275–6
timing of 266
Centrica 18
CFO Magazine Working Capital Survey 469
Chartered Institute of Management Accountants (CIMA) 24, 362
Technical Briefing 429, 495
checking costs 497
chemical process businesses 183
Chong, V.K. 363
Clorox 196
closing work-in-progress 184–5
coding, cost 47, 96
coffee systems 70
College of Charleston 369
communication 13–14, 320–1, 326–7, 362
competition
competitive forces 14
and pricing decisions 243, 254
competitive advantage, costing for 488–93
competitive position 486–7
completeness 15
cost centres
allocating and apportioning indirect costs to 74–6
cost control accounts 157–65
cost of capital 274
cost centres 48, 72–3, 94, 410, 411
conflict resolution 354
Consortium for Advanced Manufacturing–International (CAM-I) 495
consultant management accountants 17
contingency theory 5–6
cost classification and 43–6
contract accounts 165–74
contract ledger accounts 168, 172–4
main features of a contract 165–6
recording transactions 166–8, 169–72
contribution 44, 109
calculating 213–14
divisional profit 439–40
economic contribution margin 229
contribution analysis 213, 228–9
see also break-even analysis; cost–volume–profit analysis
contribution per unit 213, 213–14

control 10–11
capital investment projects 266–7, 300–1
cost classification for 45
e-business 501
interrelationships with planning and decision making 12–14
standard costing and control process 374–5
through budgeting 325–6, 349–68, 488
variance analysis and 397
control accounts 157–65
controllable costs 48, 412–13, 440
conversion costs 118, 184
separate analysis of materials and conversion costs 189–91
Cooper, C. 281–2
Cooper, R. 86, 488
Cooper, S. 255
coordination
budgets and 326–7
of budgets 322–4
corporate objectives 316, 317, 320–1, 328
corporate strategic planning 7–8, 9
Cost Accounting Standards Board (CASB) 372
cost-based transfer price 198, 446–7, 449–50
cost code 47

cost coding 47, 96
cost control accounts 157–65
cost driver rates 85, 91–2
cost drivers 85, 86, 89
cost leadership 487
cost-plus pricing (full cost pricing) 243–4, 244–5, 254
cost pools 85, 86, 89–90, 94
cost of quality 46, 496–7
cost savings 500
cost system complexity 96
cost–volume–profit analysis 208–13
applications 220–7
Costigan, M.L. 452
costing
absorption see absorption costing for competitive advantage 488–93
job costing see job-costing system
marginal see marginal costing
process see process costing
costs 4, 20–1
average cost 61–3
avoidable/unavoidable 413
behaviour in the short term 208–13
classification of 31–53, 208
for control 45
for decision making 43–4
labour costs 65
materials costs 60
to meet changing circumstances 45–6
need for 33
for planning 43, 44
controllable/non-controllable 48, 412–13, 440
customer-driven 494–5
definition 33
direct see direct costs
e-business 500
fixed see fixed costs
hierarchy of 493–4
incremental 196–7, 239–42
indirect see indirect costs
labour see labour costs
materials see materials costs
period 33, 41–3, 166–7, 169
product see product costs
relevant 43, 195, 239–42, 254, 255
selection and reporting 48–9
semi-variable 37, 38
standard see standard costs
step 37–8
total cost 35–6, 208–12, 227–8
variable see variable costs
costs of holding inventory 470, 473–4
costs of ordering inventory 470–1, 473–4
Covidien 484
creditors 462, 464, 465, 467
creditors budget 318, 331
creditors (suppliers) payment period 465, 468
critical factor (in budgeting) 321
Crown Prosecution Service (CPS) 95, 97
current assets 462, 462–4, 466, 466–8
current liabilities 462, 464–6, 466–8
current ratio 468
currently attainable standards 373
customer-driven costs 494–5
customer order processing 498
customer perspective 421, 422, 423
customer profiling 490
customer profitability analysis 489
customer satisfaction 420, 498
customers collection period 463, 468
dairy farming 31
data migration 501
Davis, S. 428–9
De Meyer, A. 497
debtors 330, 462, 463–4, 467
debtors budget 318, 330
debtors (customers) collection period 463, 468
decision making 8–10
capital investment 266–7
capital rationing 292
case studies of judgements and decisions 17–23
cost classification for 43–4
e-business 500–1
interrelationships with planning and control 12–14
under risk and uncertainty 247–54
decision-relevant approach 239–42
decision rules
capital rationing 292
