HR MANAGEMENT RESOURCES

Students are expected to be familiar with the professional resources and literature in their fields of study. Five groups of resources are listed in this appendix.

A. Research-Oriented Journals

In HR management, the professional journals are the most immediate and direct communication link between researchers and the practicing managers. These journals contain articles that report on original research. Normally, these journals contain either sophisticated writing and quantitative verifications of the author’s findings, or conceptual models and literature reviews of previous research.
