

MARTINI MADNESS—

Bond and Babe Drinks

Before Bradshaw, Carrie Bradshaw, there was Bond, James Bond, asking for his chosen drink, shaken not stirred. Smooth and suave, not to mention sexy as sin, James Bond was the quintessential martini drinker; in his first twenty films, the super spy drank eighteen. Bond owned the drink until a sex writer from Manhattan wooed the young and hip masses with fruitful neon twists on the classic. Soon, *Sex and the City* wannabees were teetering in expensive stilettos and ordering designer 'tinis in sleek bars from coast to coast. If ever a cocktail personified sex and status, it's the martini in all of its glorious renditions from past to present.
