

# Mixes

Check your grocery store and see how many packaged mixes you find for:

- yellow butter cake
- sponge cake
- fluffy white frosting
- chocolate frosting

Select a package mix of your choice from the above group. Prepare it at home. How did it compare with “scratch” products you made in:

- cost
- flavor
- time of preparation
- keeping quality
- number of servings

When would you use the “scratch” method for family meals? The mix?
