Preface to the fourth edition xiii
Preface to the third edition xv
Preface to the second edition xvii
Preface to the first edition xix

1 Introducing food and beverage management 1
Introduction 1
Size and scope of food and beverage operations 2
Food and beverage management 11
Managing the meal experience 23
Further reading 39

2 The restaurant sector 41
Introduction 41
Full service restaurants and licensed retail 42
Hotel restaurants and private clubs 52
Fast food 61
Further reading 73

3 Contract, travel and public sector catering 75
Introduction 75
Contract catering 76
Travel catering 88
Public sector 106
Further reading 113

4 Developing the concept 115
Introduction 115
The concept 118
Feasibility study 120
The business plan 123
Financing the operation 127
Facility design and layout 132
Further reading 144

5 The menu: Food and beverage 145
Introduction 145
Type of menus 146
Menu offering 150
Menu pricing 156

6 Food and beverage operations: Purchasing and storage 179
Introduction 179
Purchasing 180
The purchasing procedure 182
Price and quality performance 184
The purchasing of foods 185
The purchasing of beverages 190
Receiving of food 192
Storing and issuing food 193
Stocktaking of food 194
Receiving of beverages 196
Storing and issuing of beverages 196
Further reading 202

7 Food and beverage operations: Production and service 203
Introduction 203
Food production methods 210
Beverage production methods 220
Food and beverage service methods 222
Further reading 256

8 Food and beverage control 259
Introduction 259
The objectives of food and beverage control 260
Special problems of food and beverage control 262
The fundamentals of control 263
The reality of control 267
Setting the budget and break-even analysis 268
Basic concepts 276
Methods of food control 281
Methods of beverage control 287
EPOS reporting 291
Food and beverage control checklists 295
Revenue control 299
Profit sensitivity analysis and menu engineering 300
