**Spills**

You might be tempted to substitute one kind of whisky for another if you want to mix a particular cocktail that calls for, say, Irish whiskey but only have Scotch. Although the last thing I want to do is put the quabash on your creativity, you should probably avoid this kind of substitution. Different whiskies can have very different flavor profiles, and a cocktail that calls for a particular type is better off made as instructed.

Tammany Hall

This take on a Manhattan comes from my dear friend and drinkin' buddy, Phil Kitchel. He says: "It's a more refined Manhattan, the name notwithstanding. Irish whiskey is cleaner and sweeter, so you don't need as much vermouth, and you can serve it straight up because it's so smooth. Its beauty is its color in a cocktail glass: auburn at the top, red cherry on the bottom."

½ oz. sweet vermouth
2½ oz. Irish whiskey
2 to 3 drops Angostura bitters
1 maraschino cherry

Fill cocktail shaker with ice. Pour in sweet vermouth and Irish whiskey. Give it a good shake, and strain into a cocktail glass. Add Angostura bitters drops, and garnish with maraschino cherry.
